

Numerology

All the clue answers are eight letters long:

- APPRISAL
- AUDIENCE
- COLOSSAL
- FOUNTAIN
- INFIDELS
- MJOLLNIR
- MULTIPLE
- PICKETED
- PREINCAN
- RECOVERS
- SLEEPING
- TAPIOCAS
- UNIVERSE
- VELVEETA
- WEBCOMIC

Now, we need to fit these into the grid somehow. The correspondence we can use to make sense of this is:

1	2	3	4	5	6	7	8	9
A	B	C	D	E	F	G	H	I
J	K	L	M	N	O	P	Q	R
S	T	U	V	W	X	Y	Z	

Now, we can put the words in... well, or we can individually. There seem to be a lot of conflicts at intersections, because a number can be one of two or three letters. However, in each line, two of the four intersections *do* agree. Read those in order, and you get the answer, PROJECTIVE SPACES.
