

*Geez, if we'd known The Games were going to be so controversial here, we would have done a different puzzle...*

Boston is in a heated race to be the host of the 2024 Olympics! We've been too busy making sure we get the Hunt done on time to read the press releases closely, but we assume the bid is for the Winter Olympics. If 2024 is anything like this winter so far, the weather should be lovely without any snow to interfere with our world class transportation system's ability to get people from place to place around the area.

Of course, everyone knows that successful Games cost money. So we're providing you with some gelt that you can use to make a model of your favorite event! We encourage you to be like the native Americans, and use every part of the Hanukkah gelt (the metallic hide, the soft chocolatey flesh), and you can also use anything else you brought for the Hunt but the gelt should definitely be the "featured ingredient". Take your time and be creative, artistic, and athletic. We want everyone to show off their full commitment to these Olympics!

Once you have built your model, take a picture of it on some device and then come to us. If you can easily do so, bring your model as well as we'd like to see the real thing but a picture is enough if this is impractical. Assuming we can identify the Sport you have modeled, we'll give you your BAPHL Winter Olympics Ticket. If we can't, you'll get a chance to adjust or redo your model and then can try again. (You will be required to wait ten minutes between attempts.)

We are really looking forward to your models and encourage you to be as creative and interesting as possible; thinking outside the box is encouraged. We will also require you to email us the photo of your model if you did not bring us the actual model for us to photograph. These photos will be posted after the event to the BAPHL web site for all to see and the team with the most fun/interesting/creative/cool model will also win a prize at wrap-up.

Ready, set, GO FOR THE GELT!!! (5 6)
