The afternoon of the big game, the two teams got together for two practice games. Side-by-side, each game consisted of four athletes on the Back Bay Legends and four athletes on the South End Celebs. Before they started, though, they had to determine who would stand where, so they marked each face of the diamond (numbered I-VIII) with a puzzle answer. When the coaches reviewed the game plan, they thought they might be seeing double! But then they realized that the bases (numbered 1-6) actually revealed the fifth and most-valuable position in the sport of BAPHLball, which they'll need for the big game.
