

# Tunnel Vision

Nathan Curtis

This is the metapuzzle. It was not explicitly labeled as such, which caused significant confusion among solvers. The first step is to realize that the pictured tiles are all taken from the art installation in the tunnel leading into the Davis Square T station. The names of the students who made the tiles have been changed; solvers must go into the tunnel to find the original tiles to get the students' real names. When they do so, they get the following list of names:

Fake Name	Real Name
John Kyle Pinstelderry	John Spindler
Charles Eliot Debontus	Charles Dube
Kathy Heather Crementallo	Kathy Cameron
Michelle Catherine Durelinden	Michelle Eldred
Billy Allen Spettyfair	Billy Petras
Scott Benjamin Pantrendt	Scott Trant
Barbara Jeanne Derrelana	Barbara Andre
Darlene Delores Cortwoode	Darlene Tower
Dukens Gregory Trandelhov	Dukens Venord
Ignazio Fabiano Arragiottini	Ignazio Ingriati
Ken Isaac Doliebson	Ken Olson

At this point, solvers may notice a few things: the first names are the same for both the real and fake names, the fake last names contain all of the real last names with four extra letters, and the middle names which have been added to the fake names begin with the letters A through K. This is not enough to solve the puzzle, though; solvers will need to further notice that each of the answers to the previous 11 puzzles can be paired with one of the tiles, such that the answer contains all the letters of the real last name with two extra letters, and the fake last name contains all the letters of the answer plus two extras letters. Sort these extra letters by middle name:

Fake name	Extra	Answer	Extra	Real Name
Billy Allen Spettyfair	FI	TAPESTRY	TY	Billy Petras
Scott Benjamin Pantrendt	ND	PATTERN	PE	Scott Trant
Michelle Catherine Durelinden	UN	REDLINED	IN	Michelle Eldred
Darlene Delores Cortwoode	OD	COWROTE	CO	Darlene Tower
Charles Eliot Debontus	OS	BUNTED	NT	Charles Dube
Ignazio Fabiano Arragiottini	AT	IRRIGATION	RO	Ignazio Ingriati
Dukens Gregory Trandelhov	TH	LANDOVER	LA	Dukens Venord
Kathy Heather Crementallo	EL	CLAREMONT	LT	Kathy Cameron
Ken Isaac Doliebson	IB	NOODLES	DE	Ken Olson
Barbara Jeanne Derrelana	RA	LEANDER	LE	Barbara Andre
John Kyle Pinstelderry	RY	SPLINTERED	TE	John Spindler

The extra letters in the fake names spell FIND UNODOS AT THE LIBRARY; the extra letters in the answers spell TYPE IN CONTROL ALT DELETE. Doing will disable UNODOS and complete the hunt.
