

# The Kakurogue

The Kakurogue did not prepare for this session, and so they stole some pages from the other players. But they have bigger dreams. What is the Kakurogue really looking to do?

[This is a metapuzzle. You will need the answers to other puzzles in the round to solve the metapuzzle.]

[This puzzle intentionally left blank.]

ANSWER: \_\_\_\_\_

## HELPFUL INFORMATION

Kakuro (also known as Cross Sums) is a kind of logic puzzle involving numbers. Each cell should be filled in with a digit from 1 to 9 so that:

- The sum of the numbers in each entry matches the clue associated with it.
- No number is repeated within an entry.

|    |    |    |    |    |    |    |    |
|----|----|----|----|----|----|----|----|
|    | 23 | 30 |    |    | 27 | 12 | 16 |
| 16 |    |    |    | 24 |    |    |    |
| 17 |    |    | 15 | 29 |    |    |    |
| 35 |    |    |    |    |    | 12 |    |
|    | 7  |    |    | 8  |    |    | 7  |
|    |    | 16 |    |    |    |    |    |
| 21 | 11 | 10 |    |    |    | 5  |    |
| 6  |    |    |    |    |    | 3  |    |

|    |          |          |          |          |          |          |          |          |
|----|----------|----------|----------|----------|----------|----------|----------|----------|
