

Global Conspiracy (Solution)

by Paul Hlebowitsh

Each of these images is a graphical representation of a word or phrase that sounds similar to the name of a city:

1. **Phoenix** (duh)
2. sandy eggo → San Diego
3. mini apple list → Minneapolis
4. war saw → Warsaw
5. port land → Portland
6. deli → Delhi
7. moss cow → Moscow
8. sole → Seoul

Filling in each name and taking the boxed letters gives the answer, **PEAR RICE**. (This sounds similar to PARIS, but that's not the answer. Sorry. For reference, if teams called in PARIS, we told them that they were correct and gave them PEAR RICE for use in the metapuzzle.)
