

# BAPHL 5

## Secret Racer Instructions

1. Do not show this instruction sheet to anyone else, not even another member of your team.
2. When the green flag is waved and the starter shouts "Go!", proceed along the route indicated on the map below, at least until you're out of sight of the starting line. Then make your way to the location marked with a red pin on the map to receive your team's reward.
3. Please try to stay on the sidewalks, be careful not to run someone over or vice versa, et cetera.
4. The start of BAPHL 5 is a skit, not a real race. You don't need to rush, unless rushing would make a better show for the audience. Whether you are the first to arrive at the red pin on the map, or the last, your team's reward will be the same, and all teams are getting the same reward.
5. You will find that some of the Racers on other teams will leave the starting line on a different route from you. This will confuse some of the audience. It will not confuse you, because you're reading this secret message. Do not be confused.
6. Once you pick up your reward at the red pin, feel free to come back, rejoin your team, and start solving. Or, not. You are on your own at that point. Good luck!
7. If you have questions, speak discreetly to the starter, who is carrying a furred green flag.
