

Responding to Danger! - Solution

Author: Matt Gardner Spencer

Beginning with the square marked start, step through the grid. In each step proceed in one of the two given directions and proceed a number of squares equal to the number in the grid. For example, the first step is two squares to the northwest. The entire path is highlighted in the grid below. Then, for each square that you land on (including the start), read the two possible directions as semaphore. This spells out the phrase: "CLUES GIVEN ON JEOPARDY" or ANSWERS, the answer to the puzzle.
