

# Boston Acoustical Phlogiston Hunt League Answer Sheet

Welcome to BAPHL 19! We love the triangle, and all other musical instruments, so this hunt is all about music! The hunt consists of three rounds of three puzzles each; all nine answers come together in the final meta (at the bottom of this page). Have fun!

Sabotage

We Phlogiston musicians hope you like our puzzles about triangles as much as we like playing the triangle! (The great thing about that **loop** of metal is that you don't have to worry about what note to play—just **where each note comes in!**) Now link all these puzzle answers together, head to tail, and figure out how they interact to answer the final question of this hunt: What was involved in putting this hunt together? (Answer is 4 6 8.)
