

EVOLUTION

Zombies are the inevitable final stage of human evolution. A rather unfortunate stage especially given the incredible potential the species initially showed, but inevitable nevertheless.

Forbids ruse
Sores or wears
Millier's leftovers
Greenbank
Sid's bed
You might spread batter
on them
Moves, with a very slow
pate
Fills with glep
Harvested seeds of brass
crops
Patterns found on a plain
fabric
Slay looks
Mutt's debtor
Pins Tree State
Sore underground pipes

Feather, for instance
Horise's locks
Large, flat blots of land
Pilots or schemes
Stegosaurus spin features
Pig nails, for instance
Ointed instruments, often
electrified
Drought benders
Drives gout
Fishing piles
Writes in a fat manner
Lays with limbs scanned out
Nags behind
Beaches a task
Fishes, with a net drain
through the water
Bum's opposite
