

SOLUTION

SIGHTINGS

Each zombie sighting report contains clues that describe substrings found inside one of the twenty plaques on the path at Squirrel Brand Park. The word “block” is used in place of “word” and the things reported are always in the same direction from left to right from the perspective of the Squirrel Brand building.

Original sighting number:

13 10 2 16 1 17 20 14 8 15 19 3 7 5 11 18 9 4 6 12

Sighted by:

Ione	Anil	Ione	Ione	Ione	Anil	Ione	Ione	Ione	Ione	Ione	Anil	Anil	Ione	Anil	Anil	Anil	Ione	Anil	Ione
1	0	1	1	1	0	1	1	1	1	1	0	0	1	0	0	0	1	0	1
}				}				}				}							
W				O				R				E							

Each of the sightings is listed as being seen by Anil or Ione, allowing each plaque to be matched to a 0 (NIL) or 1 (ONE). In order from farthest to nearest (relative to the Squirrel Brand building) this spells four 5-bit binary letters and gives the answer **WORE**.
